## The Final Battle: The Deep State

We are in the Final Battle and the war is escalating. The **Babylonian Empire** is assembling the world into the **One World Order**; Government, Monetary, Religion, Culture, Education, Environment, Medical, and eventually the Military. The only thing stopping Babylon from complete unity is the Evangelical Christians. They are empowered with the Holy Spirit. One of the main driving forces behind the Babylonian Empire is the **Deep State** who are a **global oligarchy**. The original One World Order was the **Tower of Babel** (Gate of the god) started by Nimrod whose name means “let us rebel!”

**There are only two kingdoms:** The Kingdom of Heaven and the Kingdom of Darkness. We are in one or the other. **Kingdom of Heaven:** AKA Kingdom of Light, Kingdom of Jehovah God, primarily manifesting through Evangelical Christians who believe 2 main principles; 1) The Bible is the Inspired Word of God. 2) Jesus Christ is the **only** way to God. **Kingdom of Darkness:** AKA Kingdom of this World, is tied to the **Deep State** (AKA Shadow Government). The Deep State has hidden behind the banner “**Conspiracy Theory!**” until now. **David Rockefeller** in his 2003 Memoirs, admitted his involvement in the secret cabal working against the United States to form a one world order especially through an international banking system that the “Populists” believe is a “conspiracy theory” is true! The Federal Reserve Bank, the Council of Foreign Affairs, the Brookings Institute are known as “**The Establishment.**” The United Nations (Tower of Babel) is the international player of the One World Order.

**The Deep State:** has 3 main layers **1)** Political, Judicial, Bureaucracy, Media, Hollywood, Culture. **2)** Wealthy Elite Globalists such as George Soros, Rockefellers, and other billionaires, secret societies like Freemasons, Skull and Bones, Illuminati, Bohemian Club. **3)** Spiritual-demonic, Luciferians, Apollyon, Jezebel, Nephilim, Satanist, Wiccan etc. Religiously they hope to combine all religions as equal ways to God bringing together Christians, Muslims, Hindu, etc. Many Democrats and Republicans are in the Deep State, but **President Trump is not** and that is why they hate him!

**The Ethos of the Deep State:** being one with the Earth, one another, and Apollyon (anti-Christ) using the format of **Socialism and environmentalism**. Globalism means no borders, no national allegiance, in hope of eliminating war. Global warming which now is called “Climate Change” is a religion of worshipping the Mother Earth goddess Gaia whose door was opened in April 22, 1970. This was the official launch of “**Earth Day**” and the handbook “The Environmental Handbook” was passed out and **blamed Christianity** for many of the earth’s environmental problems. Deception is the strongest ethos of the Deep State, just like it is for Satan. In order to get people to worship the Mother Earth goddess Gaia, and turn people against Christians, they rally the world around what seems to be a noble cause; **saving our planet**. The Bible prophesies the increase of natural disasters as the coming of our Lord Jesus draws near, Satan knows this so he lies about the truth and pins the blame on Christians.

**Socialism; a nice word for Communism:** “community organizer” **Saul Alinsky** dedicated his book “**Rules for Radicals**” to Lucifer. This book is described as the handbook for communism. Part of the goal of Luciferians is to set themselves up as gods on earth. Lie and deny long enough, and people will believe the lie as the truth. Socialism despises Christianity.

**Education; control their little minds:** Much of our education system is now based on the beliefs of **Friedrich Nietzsche**. He is the father of **Postmodernism** which states reality is created by man, not God and something is true if “it works for you.” There are no absolute truths, it is all subjective. He stated “God is dead” and hates Christians and has referred to himself as “The Antichrist.” Hitler was attracted to Nietzsche and his beliefs. “Master morality” means the strong rule over the weak which means we don’t all play by the same rules. Convince the people **health care is a right**, institute national healthcare, and when the boat is too full, the **young postmodern generation** will throw the weak overboard. School boards are taking away authority from parents, believing the know better.

**Luciferianism:** the religion of many global elites. Like Satanism, Gnosticism, and other occultic religions, they do not see Lucifer as the “devil,” a symbol of evil, but as a liberator, a type of guardian, a guiding spirit, as the true god as opposed to Jehovah God. The way to “enlighten” yourself is to turn from God to Lucifer in hopes of being possessed by Lucifer himself. The rituals they perform are anti-Christ mocking the rituals of Christianity. Cannibalism and pedophilia are common practices. Some rituals are performed in the name of “artistic expression.” We pull back the veil in Jesus name!
