The Final Battle: The Alien-Demon Deception

We are in the Final Battle and the war is escalating. Alister Crowley was one of the highest-ranking Luciferians and Freemasons. In one of his rituals he made contact with the demonic entity named Lam, opening a doorway and the demon entered. He sketched the demon having the appearance of an alien with a big bald head with black eyes. He wrote the book **“The Great Alien”** and started a religion called Thelema. Many of our politicians that are higher up in the **Deep State are Luciferians**. Hillary Clinton has been involved with séances to communicate with the dead and said if she were elected president, *she would open up the X-files on UFO’s and extraterrestrials *(New York Times).

The security clearance for UFO’s and aliens is greater than the clearance for nuclear warheads – Dr. Chuck Missler. Missler was the branch chief for guided missiles (while in the military) and CEO for defense companies.

The first 13 American astronauts said they saw UFO’s while in space and felt as though they were being watched.

Credible sources: How long has the person been in ministry, who are they associated with, credentials, books written, and so on. Be careful of bloggers and people who only have a website; many good intentions, but who are they?

Churches silent on UFO’s and aliens; they are concerned about losing credibility, funding, and are ignorant.

Science is proving the Bible. The scientific community now believe we live in a parallel universe. There is another dimension that is larger than our dimension. Particle physicists believe that perhaps there are 10 dimensions, not 4. CERN is a laboratory in France and has created a door to this other dimension. Scientist astounded by the Bible.

Wednesday 4-24-19 around 9pm Fox News radio (Tucker Carlson?) talking about our government trying to figure out what to say about the high-speed aircraft in our air space that are conflicting with our military air craft. They travel over 15,000 MPH in our atmosphere and seem to defy gravity, stopping on a dime. Of this world, or UFO’s?

In **Gen 6:1-7** the term **“sons of God”** are fallen angels who went into women and produced a genetically altered species of people called **Nephilim** who were giants and men of “renown,” that were worshipped as gods and goddesses. Because of this, God flooded the earth and started over with Noah and his family. **Matt 24:37** *But as the days of Noah were, so also will the coming of the Son of Man be.* **GMO (Genetically Modified Organism)** is not just happening with our food; it is happening with animals and people. GMO is being combined with AI (artificial intelligence) = cyborgs.

VORG (Vatican Observatory Research Group): the Vatican owns the most power telescope in the world. It is located in Arizona on top of Mount Graham. One of the telescopes is an infrared camera named “Lucifer.” The Jesuit priests run VORG, and have gathered together many of the top scientist in the world. According to Dr. Thomas Horn, Jose Funes is a Jesuit priest who works for VORG, said about ET; “They are our space brothers,” and Corraldo Balduccis said “They are already here.”

Brother Consolmagno book “Intelligent Life in the Universe?” sub title, “Catholic belief and the search for extraterrestrial intelligent life,” said aliens are coming to share the secrets of Heaven as stated in Gen 6, and that they are morally superior to men, they will evangelize us, and we will need to change our theology. The Catholic Church immediately pulled this book from publication. Dr. Thomas Horn talked with Consolmagno and received a PDF file.

Father Giuseppe Tanzella-Nitti theologian of the Pontifical University of the Holy Cross in Rome stated that if we get (from the ETI) new information of a “religious content” and it is confirmed as reasonable and credible, the believer would have to reconcile such new information with the truth that he or she already knows and believes on the basis of the revelation of the One and Triune God, conducting a re-reading (of the Gospel) inclusive of the new data.

Abductions are real; There are thousands of reported cases of abductions. 300 cases of abductions being stopped by true believers using the name of Jesus Christ! The majority of UFO sightings and abductions are in USA. Upon the arrival or exposure of ETI, there is a concern that the Catholic faith will claim Jesus to be a “star child” and that the sons of God were aliens, not angels, and perform great signs, having superior knowledge of science and Scripture. The History Channel’s huge success of Ancient Aliens has planted the seed, along with Hollywood.
