National Sanctity of Human Life Day

Today thousands of churches around the nation are praying and standing up for the sanctity of human life and declaring all life is sacred to God from conception, to the grave. **Sanctity of Human Life** is not just about abortion, it is about understanding we are made in the image of God and as Christians we are to live a life that honors God. Today's insert is a pro-life pledge. Please keep this with your prayer notes and pray the pledge.

Life Song Church will never back down from the reality of what is happening in the world around us, even though this offends many people. In order to *"Pull down strongholds, cast down arguments and bring everything that exalts itself against the knowledge of God"* (2 Cor 10:4,5) we have to know what those strongholds and arguments are. "Boldly speaking the truth will turn many people away, but I love you too much not to tell you the truth" -Mike.

Sanctified means to be set apart to be used of God, it means made holy by God. All life is precious to God and should be treated as such. We are to protect the lives of our weakest, most vulnerable citizens who can't protect themselves. Cloning, euthanasia, disrespect and devaluing our elderly, child slavery/sex trafficking, assisted suicide, human trafficking, prostitution and pornography, harvesting human fetal parts, and embryonic stem cell research are key issues that erode the sanctity of human life.

Our culture is devaluing life and morality which allows people to think it is ok to do bad things. **Transhumanism** is the process of combining animal and marine life, along with technology like microchips being implanted, into the human body, thus altering the DNA. As statues of American leaders are being torn down, two new statues have been put up in Dallas Texas; one has the body of a woman and the head of a squid, and the other is a man's body with the head of a squid.

Adolf Hitler had to devalue and vilify the life of Jews in order to get people to go along with his plans to murder millions of Jews. Today in America our government, big pharma, technocrats and corporations are vilifying people who will not get the mRNA vaxx and the hatred towards this group is mounting (who are mostly conservative Christians). According to a **January 13, 2022 Rasmussen poll**, 45% of Democratic voters believe the "unvaccinated" should be forced to live in temporary designated facilities. In other words, placed in "**concentration camps**." 29% believe their children should be taken away and placed in protective services.

"It's my body!" Not really; life begins at conception. The small baby has his or her own DNA (at conception), own heart beat (in 20 days), and soon will develop his or her own fingerprints. **Ps 139:13-14** *"For You formed my inward parts; You covered me in my mother's womb. 14 I will praise You, for I am fearfully and wonderfully made."* A fetus is a separate body growing inside of a woman's body. Fetus is Latin for "little one." Before we were born, God created us with our calling and purpose. **Jeremiah 1:5** *"Before I formed you in the womb I knew you; Before you were born I sanctified you; I ordained you a prophet to the nations."* Your baby may be a powerful man or woman of God; Satan hopes this baby is never born...who are we listening to?

"I don't believe in abortion, but I believe in choice." This reasoning is ludicrous! Try using the same reasoning with the death penalty: "I don't believe in capital punishment, but the judge should be able to choose."

“Don’t force your morals on me!” This sounds like a good argument but stop and think...most of our laws are based on morality for the protection from people who lack morals. Incest, statutory rape, indecent exposure, sexual harassment, theft and so on. Laws are based on someone’s morality; up until recently we used the Bible as the standard. Now some large Democratic cities are not prosecuting shoplifting/theft under a \$1,000.

Roe V. Wade: Built on Lies. The United States Supreme Court made a decision to legalize abortion...based on lies. The lawyers for the defense argued that between 5,000 and 10,000 deaths per year were attributed to “back-room” or “alley” abortions. This was a blatant lie that the lawyers later admitted. In 1972 (the year before the legalization) only 39 women died from illegal abortions according to the U.S. Center for Disease Control. 39 women dying is horrible, but it is a far cry from 5,000-10,000.

The defendant, (Norma McCorvey) lied about being raped so it would speed things up in court, and stated the case was built on lies. Another land mark case for abortion was **Jane Doe -V- Bolton**. The defendant, (Sandra Cano), said, “I never went to the lawyers to get an abortion. I went to the Atlanta Legal Aid to get a divorce.” Sandra had no idea that her lawyers were using her to legalize abortion. “I found out years later, when I had the records unsealed, that I had supposedly sued to have a panel of nine doctors and nurses at Grady Hospital in Atlanta to give me an abortion. It was a suit which I was never knowledgeable of, and never went to court to pursue.”

Did you know? Abortion can and has caused bladder injury, bowel injury, breast cancer, ectopic (tubal) pregnancy, ill effects on future pregnancies, failed abortion, hemorrhaging, hepatitis, infection, laceration of the cervix, perforation of the uterus, placenta previa, post-abortion syndrome (mental and psychological problems), retained products of conception, Rh incompatibility, severe rapid bleeding, and sterility.

Abortion is a powerful weapon/sacrament in the Luciferian movement, and most Christians do not even realize it. Patricia Waird-Bindle who is an abortionist who claims to have performed over 65,000 abortions has said “Abortion is a major blessing, and a sacrament in the hands of women...”

Abortion is a blood sacrifice to the goddess Jezebel and the god Molech/Baal, even if people do not realize what they are doing.

Jer 32:35 *And they built the high places of Baal which are in the Valley of the Son of Hinnom, to cause their sons and their daughters to pass through the fire to Molech, which I did not command them, nor did it come into My mind that they should do this abomination, to cause Judah to sin.'*

These sacrifices release/empower spirits of hatred, murder, anger, chaos, confusion, riots, civil unrest and other social ills. This also places a curse of deception over our nation as good becomes evil and evil becomes good.

Genette Paris is involved in Mythological Studies and is a psychologist. She has said, “Our culture needs **new rituals** as well as **laws** to restore abortion to its **sacred dimension**...” A “sacred dimension” refers to a place in the spiritual realm and in this case, it is a demonic realm.

Someone will write our laws, but the question is who? Many Christians believe we should not be involved with the government which leaves people who think like Genette Paris writing laws. Thank God for RTL Christians who got involved with electing pro-life officials and pushed for laws that protect life. That is why today we are waiting to hear back from the Supreme Court of the United States on a ruling that might open a door to end abortion.

In his magazine "Sapphires" Jonathan Cahn wrote "At the 2016 Democratic National Convention abortion was trumpeted and celebrated outright, passionately and brazenly. The presidents of both Planned Parenthood and N.A.R.A.L. (National Abortion Rights Action League) were publicly honored...the convention loudly cheered as a woman described her abortion." **Both Democrats and Republicans are corrupt**, but the agenda of the Democrats is far more nefarious. Marxist-Socialist is a Luciferian movement.

Many Christians have had abortions, but there is forgiveness through Jesus Christ.

1 John 1:9 *"If we confess our sins, He is faithful and just to forgive us our sins and to cleanse us from all unrighteousness."* There is forgiveness for the abortionists, the mothers and fathers; all who have sinned. We love and embrace these people, but hate the sin.
