Shining A Light In The Darkness: Platform #4

Intro: 2022 will be a year of hope, decrees and decisions. Things will be changing rapidly because the Kingdom of Darkness is being exposed by those **shining the Light**. The Truth will prevail as **God's authority** is released greater than ever before. God has given us many platforms to fight for His glory and the souls of men. We are focusing on these four: **Platform #1** "I Am A Kingdom Builder" prayer booklet. **Platform #2** "The Final Battle; America is Divided and the End-of-Age Battle Has Begun" book. **Platform #3** "Ignite The Thumb Praise Rallies." **Platform #4** "We The County."

Some of us will be involved in all four platforms, while others only one or two, but the level of your involvement is between you and God. Theme verses for this series: **Eph 5:8-14** and **Mtt 5:16** (Let your light shine and expose the darkness). We live the Bible! **Real life experiences of how the Holy Spirit leads our life every day.**

Platform #4: We The County

The Kingdom of Darkness is warring against the Kingdom of Light. This war is fought spiritually and in the physical realm. LSC through WTC, was brought into this battle for a **prayer covering** and to **speak prophetically** calling forth the Kingdom of God, declaring **His authority** into the **Patriotic movement**. We had to get involved because it gave us a higher level of authority to speak over the movement. When we are not directly involved, we can pray into the movement, but not at the same level of authority as if we are involved. When we are involved, we speak **"over"** the movement with greater authority. When we are not involved, we can only speak **"to"** the movement. The seed for We The County was planted over 20 years ago in response to the 9/11 terrorist attack on America. At this time, Life Song was called **Lights of Hope Ministry** and was only a few months old.

September 11, 2001 The Terrorist Attack on America now called "9/11"

On 9/11 after hearing about the terrorist attacks, I was lying face down on the carpet by the altar crying out to God to forgive our nation as several of us prayed. I remember believing in my heart **"This is why Lights of Hope Ministry was created; God has a plan."** I had no idea that it would take **19-years** for this plan to come to fruition.

Fast forward 19 years to Jan 2020: Rabbi Jonathan Cahn's Prophetic Question About America and the 9/11 Terrorist Attack on America: "9/11 was a warning from God to America to repent, but instead, the moral decay has increased. **America is in a paradigm** reflecting what happened in Israel back in 605 B.C. when the Kingdom of Judah was breached by **Babylon**. It was a limited invasion and a warning from God, but the nation did not turn back to God. **19 years** later in 586 B.C., the full judgment of God came and the city of Jerusalem was destroyed. **19 years** from September 11, 2001 will be in 2020. He asks, "Will we see **judgment, revival – or both?**" He warns that no matter what happens in 2020, "A nation that abandons the God of its foundation is heading toward calamity."

In the beginning of 2020, The Lord put on my heart to unite the Small Business, the Patriots and the Churches, **county by county** to restore the foundation of the original intent of the Constitution and America being One Nation Under God. I shared the vision with the Elders at Life Song showing them this is the fulfillment of what we prophesied about America's **civil authority** (law and order) being united with America's **religious authority** (the churches) from our December 29, 2019 Sunday message about repairing the **breach in the foundation of America**. We did not prophesy a Theocracy, because that will never happen until Jesus returns. We believed that both God's judgment, and revival will happen together.

This movement to fight back was named **"We the County"** and the vision was written so all who read it could run with it. We decided to move forward and the first thing we needed was a website and logo. Karissa went to work building a website to cast the vision and allow people to register. **Thursday September 3rd** when I got back from my vacation, the website was almost complete. I was surprised and excited. I checked it out, but what I was most curious about was the **logo** for We the County. It was a drawing of the **torch for the Statue of Liberty**. I loved it! The only problem, it was in black and white with no color. When I left for vacation, I had no idea what the logo would be.

Friday September 4th 2020 My first day back to work, I met with Kari and Karissa in my office. We talked about the progress for **We the County** and what we still needed to do. I was most interested in the logo for We the County. I told her I would like to see some color in the logo and she politely told me she felt strongly about it being **black and white**.

Saturday September 5th 2020 during my morning prayer time, I just noticed the cover of Jonathan Cahn's daily devotional called Sapphires. This magazine comes out once per month. Being on vacation, I had not looked at the magazine for September. When I did, I was amazed. Again, God always gives us **prophetic confirmation** once we act or prophesy what He tells us and several times God has brought confirmation through Jonathan Cahn.

The Cover for Sapphires September 2020 issue was a picture of the **torch** being held by the hand of the Statue of Liberty! Even more amazing, Sapphires is very colorful and very busy with the graphics. However, this one was in **black and white**! Only the letters "Sapphires" had color. I quickly remembered my conversation with Karissa telling me, **no color**! Everything was now in place so we launched We the County the next week, on our **19 Anniversary weekend**, not fully understanding all of the prophetic confirmation.

September 9/11 2001 when our prophecy started at the terrorist attack of the Twin Towers in New York and I believed: **"This is why Lights of Hope Ministry was created; God has a plan!"** and Jonathan Cahn's **19-year** warning of the paradigm of Judah and America being breached. Then I just realized this is not only our **19th** year Anniversary it is also the weekend of 9/11! Friday was 9/11, the **19th** year anniversary of 9/11!

On Sunday 9-13-20, the morning of our **19th** Anniversary, during my prayer time, I felt a draw to the word **"Beacon"** and asked Siri to define the word knowing **19 years** ago, LSC started in a building called **"The Beacon"** and that the new logo for We The County is called a **beacon**.

Beacon: "a fire or light set up in a high or prominent position as a **warning, signal, or celebration**." I was amazed when I read this because I immediately knew it lined up with our purpose of our "Trumpet Voice" that God gave us.

Pg 4 "The Final Battle: America is Divided."

"The purpose of our Trumpet Voice:

1. To **warn** God's people to return to Him
2. To **assemble** and equip God's people
3. To **celebrate** the victory with God's people"

Our "Trumpet Voice" aligns perfectly with the definition of **beacon**! Then the Holy Spirit reminded me the Statue of Liberty is called **"The Beacon of Hope!"** Life Song Church was originally named **"Lights of Hope Ministry"** and given a key to a building called **"The Beacon"** to a pastor who was prophesied would be a **"lighthouse."**

For our **19th** year Anniversary we launched We the County and the logo is the torch from the Statue of Liberty (which I knew nothing about) on the weekend of 9/11 and it is confirmed by Jonathan Cahn by the cover of his September devotional Sapphires with a black and white picture of the torch from the Statue of Liberty pointing to the **19 year** paradigm of **Babylon** breaching Judah and God giving them **19 years** to repent before their final judgment which started from the 2001 9/11 terrorist attack! People have lost hope, but We the County is a **beacon of hope** for all of those who hunger after freedom and truth. All true freedom and truth is only through Jesus Christ.

We are "Shining A Light In The Darkness" as God predestined LSC to be a light, a beacon, a lighthouse for such a time as this! I believe **We the County** is one of the movements to restore the breach and put America back on the **foundation of the original intent** of our Founding Fathers, releasing the **authority** of God back into our government, our schools, culture and way of life, once again being One Nation Under God. Many people will never consent to "One Nation Under God" but I believe the majority will. **WeTheCounty.org**
