One World Order: Agenda 21 UN and WEF

Review: The One World Order and New World Order are synonymous. After the Great Flood, God through Noah's descendants, created 70 nations. At this time Nimrod created the Tower of Babel. God came down and scattered the people changing their language (Gen 11). Then, the city of Babylon was established and became a world power, conquering Isreal and taking captives. God called forth King Cyrus to take over Babylon and release the Jews to go back to Jerusalem and rebuild their temple (Eza 1:1-8 and Isa 45:1-13). Many people believe President Trump is a King Cyrus.

Today, the Book of Revelation tells us Babylon is the one-world system in rebellion against God, His Word and His people. God will bring down Babylon before Jesus returns to earth in the Second Coming. God is using His angels and His "chosen and faithful" to bring down Babylon (**Rev 17:14**). Rev 17 and 18 describe the fall of Babylon. Jesus returns in chapter 19.

Heb 10:12-13 *But this Man (Jesus), after He had offered one sacrifice for sins forever, sat down at the **right hand of God**, 13 from that time **waiting till His enemies are made His footstool**.* This is the most quoted verse in the N.T. from the O.T. about the second coming of our Lord. **READ Ps 110 Announcement of the Messiah's Reign** (written by King David).

One of the major blueprints for the One World Order is called **Agenda 21 aka Agenda 2030**, backed by Klaus Schwab the CEO of the World Economic Forum and the United Nations, which was established on October 24, 1945, after the end of World War II. The UN now contains 193 member countries and is a **globalist organization**.

Agenda 2030 started as "**Agenda 21**" in **1992** at the United Nation Earth Summit held in Rio de Janeiro. 180 countries agreed to this plan making it global. President Clinton fully implemented the plan in 1993, calling it the **President's Council on Sustainable Development**.

Agenda 21 is an action plan constructed by the **United Nations** to inventory and control **ALL** land, water, minerals, plants, animals, construction, information, energy, production, law enforcement, and all human beings in the world through using and manipulating the "Climate Change" hysteria.

President Trump alone cannot stop Agenda 21 (2030). It is being brought forth by Deep State forces outside of our government that work with both the public and private sector having influence/power over many government officials and all large corporations. The roots of the Agenda 21 are everywhere, even in some churches. Pope Francis, (Jorge Mario Bergoglio), espouses Agenda 21 ideologies of social justice, open borders, environmental controls, and Woke philosophies.

Agenda 21 is based on the crisis that was created called "**Climate Change**." In **1995** the **Global Biodiversity Assessment** book was released; a 1140-page book, written by 1,500 scientists, detailing what it is going to take to save our planet. Who paid these scientists? Was it through USAID NGO's and university grants, i.e. our government?

Note: the "**World Climate Declaration**" states there is "**NO CLIMATE EMERGENCY**" has been signed by 1,609 scientists so far, one of them being American physicist Ivan Giaever and John F. Clauser, Nobel Prize winner in 1973 and 2022.

In **2006**, **Al Gore** predicted that by the year 2016, the Artic ice would have disappeared, along with polar bears and the snows of Kilimanjaro, New York would be flooded by the waters, temperatures would rise to unbearable limits, and more, but "he didn't get a single one right." Yet today, people **still believe** we have a Climate Change Emergency!

The World Economic Forum (WEF) started in 1971 and was founded by **Klaus Schwab** as a non-governmental organization (NGO), funded by its hundreds of member companies. Many governmental authorities attend their annual meeting, basically combining the government with businesses and NGO's.

Bank of America, BlackRock, Microsoft, Google (Alphabet), JPMorgan Chase, Goldman Sachs, Pfizer, Mastercard, McKinsey & Company, Meta: The parent company of Facebook, Instagram, and WhatsApp. Almost all Fortune 500 companies are members of the WEF.

It is suggested by this Forum (WEF) that "a self-selected alliance of **governments, corporations, and civil society organizations (NGO's)** are the best way to manage the world." They are known for their "initiatives" such as the "**Great Reset**" and the "**Global Redesign**" being concerned with the "**carbon footprint**" of corporations, governments, and groups. The Great Reset: Archbishop Carlo Vigano; "A global conspiracy against God and humanity." Blog WTC Web.

Agenda 21 has 17 Goals that all sound good, but are not what they appear to be. Their motto "You will own nothing and like it." This is their deception; make it sound good, repeat the lie over and over, calling it the truth.

Goal 16. Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable, and inclusive institutions at all levels. This Social Justice is Social Engineering and anyone who challenges it will be prosecuted. This is CRT (Critical Race Theory) and DEI (Diversity Equity and Inclusion) ideology that has invaded our schools, government, military, businesses, entertainment, media, culture and every facet of our society. This is the Woke agenda. This is also being implemented by **ESG (Environmental, Social, and Governance) scores**. Much of this will be carried out by NGO (non-government organization), many who are funded by **USAID (United States Agency for International Development)**. Thank God for **DOGE Department of Government Efficiency**.

Goal 17. Strengthen the means of implementation and revitalize the global partnership for sustainable development. Global partnership: One World Order or Globalism. The elite oligarchy rule, and we are their slaves. We have no voice in this global society.

Sustainable: This is a key word used again and again. Something that is profitable for the Elites and controls people and earth's resources.

Sustainable Development: all the "unsustainable" items need to be removed. According to their book, Global Biodiversity Assessment, suburbs, private vehicles, private land, air conditioning, appliances, golfing, skiing, fishing, gardens, pastures, meat eating, roads and concrete dams, legal systems (as we know it), consumerism and people. Basically, "**You'll own nothing and like it!**" We eat bugs and crickets, the elite eat steak and fly in private jets.

Environmental: This is another key word to look for. Because the environment is connected to our land, food, water, air, and basically everything, it is a perfect way to control our land, food, water, air and basically everything. We all live in the "environment" of the planet Earth, and we all want a clean sustainable Earth. If you question them, they accuse you of being a destroyer of our Earth and environment. They say you are being selfish, not caring about the other people.

Yuval Noah Harari "History began when humans invented gods, and history will end when humans become gods." This is a new-age Luciferian ideology. He is an advisor for the World Economic Forum and has become somewhat of a spiritual guide for the elites, especially Klaus Schwab. He believes we need to reduce the world's population, drastically. He views people as "**useless eaters**" who are devouring the earth's resources.

George Soros - he is the money man, among other like Bill Gates. Soros is best known for his efforts to help organize protests and paying actors to show up and "protest." He paid millions of dollars to get many district attorneys elected, manipulating our legal system and funded Black Lives Matter.

RESCUE MISSION Planet Earth. A Children's Edition of Agenda 21. This is the United Nations children's edition, teaching our children that **we are the problem** concerning the environment. The book reads, "The earth groans every time it registers a new birth." This is also abortion programming. Resources: <https://project2020vision.com>, "From "1984" Orwell to "2030" Agenda" by R.C. Balder. "Agenda 21 The Wrenching Transformation of America" by the American Policy Center, and "Earth Summit Agenda 21 The United Nations Programme of Action From Rio."

The World Economic Forum (Agenda 21) is setting up USA headquarters in Detroit and Troy Michigan. It has been prophesied God will save the USA through Michigan and the Thumb is where the fire will start. Time to Ignite!
